Unity does not discriminate in our programs, services or activities. Let us know if you need this printed material interpreted or in another format. If you need help using any of our services call us. Our Customer Service number is (800) 362-3310 or (608) 643-1421 (TDD).

Unity Health Insurance is a Qualified Health Plan issuer in the Health Insurance Marketplace.
Welcome to Unity Health Insurance. As a member, you should get all your health care from doctors and hospitals in the Unity Health Insurance network. The providers are listed at the back of this book. You may also call Customer Service at (800) 362-3310. Providers not accepting new patients are marked with an asterisk (*) in the provider directory.

Using Your ForwardHealth ID Card

Your ForwardHealth ID card is the card you will use to get your BadgerCare Plus benefits. Your ForwardHealth ID card is different from your HMO card. Always carry your ForwardHealth ID card with you and show it every time you go to the doctor or hospital and every time you get a prescription filled. You may have problems getting health care or prescriptions if you do not have your card with you. Also bring any other health insurance cards you may have. This could include any ID card from your HMO or other service providers.

You will also receive a blue and white Unity ID card that you will need to show when you see a doctor.

Choosing A Primary Care Physician (PCP)

When you need care, it is important to call your primary care physician (PCP) first. It is important to choose a PCP to manage all your health care. You can choose a PCP from the list of doctors accepting new patients, as marked in the Provider Directory. HMO doctors are sensitive to the needs of many cultures. To choose a PCP or to change your PCP, call our Customer Service Department at (800) 362-3310. Your PCP will help you decide if you need to see another doctor or specialist and, if appropriate, give you a referral. Remember, you must get approval from your PCP before you see another doctor.

Women may see a women’s health specialist, such as an Obstetrician and Gynecologist (OB / GYN) or nurse midwife, without a referral in addition to choosing from their primary care physician.

Your blue and white Unity ID card lists the doctor and clinics you should go to for your medical care.
Accessing the Care you Need

Emergency Care
Emergency care is care that is needed right away. Some examples are –

• Choking
• Convulsions
• Prolonged or repeated seizures
• Serious broken bones
• Severe burns
• Severe pain
• Severe or unusual bleeding
• Suspected heart attack
• Suspected poisoning
• Suspected stroke
• Trouble breathing
• Unconsciousness

If you need emergency care, try to go to a Unity provider for help. If your condition cannot wait, go to the nearest provider (hospital, doctor or clinic). Call 911 or your local police or fire department emergency services if the emergency is very severe and you are unable to get to the nearest provider.

If you must go to a non-Unity hospital or provider, call Unity at (800) 362-3310 as soon as you can to tell us what happened.

Remember, hospital emergency rooms are for true emergencies only. Unless you have a true emergency, call your doctor or our 24 hour emergency number at (800) 323-8942 before you go to the emergency room. If you do not know if your illness or injury is an emergency, call your doctor or clinic. We will tell you where you can get care.

Urgent Care
Urgent care is care you need sooner than a routine doctor’s visit, but it is not emergency care. Some examples are:

• Bruises
• Minor burns
• Minor cuts
• Most broken bones
• Most drug reactions
• Bleeding that is not severe
• Sprains

You must get urgent care from Unity doctors unless you first get our approval to see a non-Unity doctor. Do not go to a hospital emergency room for urgent care unless you get approval from Unity first.

Care When You Are Away From Home
Follow these rules if you need medical care but are too far away from home to go to your regular primary care physician (PCP) or clinic –

• For true emergencies, go to the nearest hospital, clinic or doctor. Call Unity at (800) 362-3310 as soon as you can to tell us what happened.

• For urgent or routine care away from home, you must get approval from us to go to a different doctor, clinic or hospital. This includes children who are spending time away from home with a parent or relative. Call us at (800) 362-3310 for approval to go to a different doctor, clinic or hospital.
Care During Pregnancy and Delivery
If you become pregnant, please let Unity and your income maintenance (IM) agency know right away, so you can get the extra care you need. You do not have copayments when you are pregnant.

You must go to a Unity hospital to have your baby. Talk to your Unity doctor to make sure you know which hospital you are to go to when it is time to have your baby. Do not go out of area to have your baby unless you have Unity approval. Your Unity doctor knows your history and is the best doctor to help you.

Also, talk to your doctor if you plan to travel in your last month of pregnancy. We want you to have a healthy birth and a good birthing experience, so it may not be a good time for you to be traveling.

When You May be Billed for Services
Covered and Noncovered Services
Under BadgerCare Plus, you do not have to pay for covered services other than required copayments. To help ensure that you are not billed for services, you must see a provider in Unity’s network. The only exception is for emergencies. If you are willing to accept financial responsibility and make a written payment plan with your provider, you may ask for noncovered services. Providers may bill you up to their usual and customary charges for noncovered services.

If you get a bill for a service you did not agree to, please call (800) 362-3310.

Copayments
Under BadgerCare Plus, Unity and its providers and subcontractors may bill you small service fees, called copayments. The following members do not have to pay copayments –

- Nursing home residents
- Pregnant women
- Members younger than 19 years old who are members of a federally recognized tribe
- Members younger than 19 years old with incomes at or below 100 percent of the federal poverty level

Medical Services Received Outside Wisconsin
If you travel outside Wisconsin and need emergency care, health care providers in the area where you travel can treat you and send the bill to Unity. You may have copayments for emergency services provided outside Wisconsin.

Unity does not cover any services, including emergency services, provided outside the United States, Canada and Mexico. If you need emergency services while in Canada or Mexico, Unity will cover the service only if the doctor’s or hospital’s bank is in the United States. Other services may be covered with HMO approval if the provider has a U.S. bank. Please call Unity if you get any emergency services outside the United States.

If you get a bill for services, call our Customer Service Department at (800) 362-3310 right away.

Other Insurance
If you have other insurance in addition to Unity, you must tell your doctor or other health care provider. Your doctor or other health care provider must bill your other insurance before billing Unity. If your Unity doctor or other health care provider does not accept your other insurance, call the HMO Enrollment Specialist at (800) 291-2002. The HMO Enrollment Specialist can tell you how to use both insurance plans.

As a member of Unity, you may be asked to talk with a trained staff member about your health care needs. Unity will contact you within the first 60 days of your being enrolled to schedule a time to talk about your medical history and the care you need. It is very important that you talk to Unity so that you can get the care and services you need. If you have questions or would like to contact Unity directly to schedule a time to talk about your health care needs, please call the Medical Management department at (888) 829-5687.

If You Move

If you are planning to move, contact your current Income Maintenance (IM) agency. If you move to a different county, you must also contact the IM agency in your new county to update your eligibility for BadgerCare Plus.

If you move out of Unity’s service area, call the HMO Enrollment Specialist at (800) 291-2002. The HMO Enrollment Specialist will help you choose a new HMO that serves your new area.

Getting a Second Medical Opinion

If you disagree with your doctor’s treatment recommendations, you may be able to get a second medical opinion. Contact your doctor or our Customer Service Department at (800) 362-3310 for information.
HMO Exemptions

Generally, you must enroll in an HMO to get health care benefits through BadgerCare Plus. An HMO exemption means you are not required to join an HMO to get your health care benefits. Most exemptions are granted for only a short period of time, primarily to allow you to complete a course of treatment before you are enrolled in an HMO. If you think you need an exemption from HMO enrollment, call the HMO Enrollment Specialist at (800) 291-2002 for more information.

Getting Help When You Have Questions or Problems

**Appeals**
You have the right to appeal to the State of Wisconsin, Division of Hearings and Appeals (DHA), for a fair hearing if you believe your benefits are wrongly denied, limited, reduced, delayed or stopped by Unity. An appeal must be made no more than 45 days after the date of the decision being appealed. If you make an appeal before the effective date, the service may continue. You may need to pay for the cost of services if the hearing decision is not in your favor.

If you want a fair hearing, send a written request to –

Department of Administration
Division of Hearings and Appeals
P.O. Box 7875
Madison, WI  53707-7875

The hearing will be held with an administrative law judge in the county where you live. You have the right to be represented at the hearing or you can bring a friend for support. If you need a special arrangement for a disability or for language translation, please call (608) 266-3096 (voice) or (608) 264-9853 (hearing impaired).

You will not be treated differently from other members because you request a fair hearing. Your health care benefits will not be affected.

If you need help writing a request for a fair hearing, please call either the BadgerCare Plus Ombuds at (800) 760-0001 or the HMO Enrollment Specialist at (800) 291-2002.

BADGERCARE PLUS PROVIDER LISTING

This is a list of primary care providers (PCPs) and others who offer health care in the Unity Health Insurance BadgerCare Plus Network.

- You do not need a written referral to get care from any provider in this book. You should talk to your regular doctor (PCP) about the care you need.
- You must get your care from the providers shown in this book. If you get care from providers not listed, those services will not be covered according to your policy.

16 PCPs

- You can get health care only from the providers in the Unity BadgerCare Plus Network so that your care is covered by your benefits. The providers in this listing may change from time to time. Call Unity Customer Service at (800) 362-3310 for the most current information.
- Nurse Practitioners (NPs) and Physicians Assistants (PAs) work closely with PCPs. They are highly trained and licensed. NPs and PAs can help you with yearly physicals, urgent problems and follow-up to your visits with your regular PCP. You cannot choose an NP or PA to be your PCP.
- Some PCPs have this mark (*) by their names. This means that the PCP can only start seeing a new Unity member if that person was already one of their patients.
- Some PCPs have many patients and their practices may be close to full. It may be difficult for you to see them. Call the clinic to see if he / she is taking on new patients. You will see this mark (+) by the names of PCPs with nearly full practices.
- PCPs that treat children are family practice doctors or pediatric doctors. Look for (FP) or (Ped) after the PCP’s name.
- If you have questions regarding the status of a provider, please call Unity Customer Service at (800) 362-3310, Monday through Friday, 7 a.m. to 7 p.m. or send a message in MyChart at unitymychart.com. Staff reads emails and listens to phone messages during regular business hours. To see a provider and to find out office hours, please call the clinic.

22 Facilities

- AODA, Hospitals, Inpatient Behavioral Health, Surgery Centers and Urgent Care

24 Specialists

- Some specialty doctors have this mark (*) by their names. This means that the Specialist can only start seeing a new Unity member if that person was already one of their patients.

34 Optometric Services

- You must use an optometrist listed in this book for your care to be covered by your benefits.

Health care services provided under all Unity Health Insurance policies are subject to medical necessity, all benefit maximums, policy limitations, exclusions and eligibility requirements.
Primary Care Physicians

NOTE: The availability of physicians listed in this directory changes periodically. Nurse Practitioners (NPs) and Physician Assistants (PAs) are licensed, highly qualified professional health care providers who work in partnership with Primary Care Physicians (PCPs). While you may not select a NP or PA as a PCP, they are available for annual exams, urgent / problem visits and follow-up for ongoing health care. PCPs noted with an asterisk (*) are only accepting Unity Health Insurance members who are existing patients. Some primary care physicians in our network may be close to having a full practice. Because they have limited availability, you may experience delays in scheduling appointments.

You should call the clinic to see if he / she is accepting new patients at this time. These PCPs are noted with an (+). If you have questions regarding the status of a provider, please visit unityhealth.com or call Unity Customer Service at 1-800-362-3310, Monday through Friday, 7 a.m. to 7 p.m. Please contact the individual clinic for specific hours available for patient appointments.
